OUR MISSION STATEMENT

BRITISH LEARNING CENTRE

At the British Learning Centre we understand that learning should be personalised, interactive, engaging and fun. That is why we are constantly investing in the best learning platforms and utilising the most up to date teaching methods to engage students and drive success.

We believe that those who have studied education and are certified teachers are those best suited to providing these learning opportunities for the students in our care. Teachers who have been given the highest levels of training from some of the best British universities.

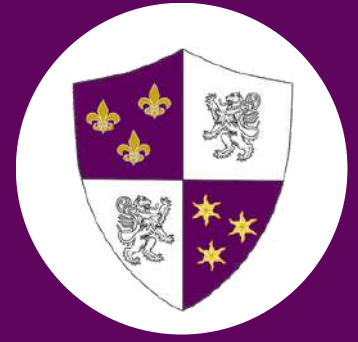

We are committed to providing an engaging learning environment that students are excited to attend and make progress within.

We aim to provide a comprehensive British curriculum that is individually focused on learners that prepares students of all ages for academic and life success.

British Learning Centre

MESSAGE

FROM THE HEAD OF SCHOOL

As the Head of School, I would like to welcome you to our tuition school that delivers a British Education. Located on the east side of Pattaya, we are dedicated to offering a British education to all. We are a tuition school who are committed to providing the highest levels of British education and we aim to instil a love of learning in your child and cultivate intellectual curiosity in our warm and welcoming learning environment.

With small class sizes, we can boost your child's learning by offering challenging and engaging learning opportunities as a supplement to their ongoing education. If you share our values then please do not hesitate to get in touch with the British Learning Centre team.

Mr Ashleigh Bignall
Head of School

WHY CHOOSE A BRITISH CURRICULUM?

The British Learning Centre offers tuition of the British National Curriculum. British education has achieved a worldwide reputation for quality and is recognised and respected around the world. One of the huge benefits is how transferable it is – students can move seamlessly from country to country or back to the UK. All children who join the British Learning Centre are expected to be committed to all lessons to ensure the best progress.

Key Characteristics

The British National Curriculum is a very structured curriculum that is designed to meet the needs of all students, stretching high achieving children and supporting those who need it through differentiated teaching and learning activities. The curriculum extends and excites all students, whatever their interests or ability. Through it, we are able to identify, celebrate and nurture the talents and intelligences of students.

British education is renowned for concerning itself with the development of the whole personality. Learning is important, but not enough in itself. Young people need to develop their potential to explore and discover the world around them, to think for themselves and form opinions, to relate to others, to develop their bodies through sport and physical education, and to gain experience in taking responsibility.

In the British education system, students are taught to learn by questioning, problem-solving and creative thinking rather than by the mere retention of facts, hence giving them analytical and creative thinking skills that they will need in the working world. A variety of teaching and assessment methods designed to develop independent thought as well as a mastery of the subject matter is used.

OUR TEACHING TEAM

MR ASHLEIGH BIGNALL

Founder & Owner

Ashleigh is a passionate and dedicated teacher who has been teaching for 12 years. He is highly experienced in offering his students deep and meaningful learning moments that inspire and guarantee progression within the subject.

MR JAMES KEMP

Head of School - British Learning Centre Paradise Park

James has been teaching for 14 years as both an English and humanities teacher having taught students of many different nationalities. He uses a variety of means such as presentations visual, physical guidance, peer modelling ensuring consistency of expectations and provides a safe and stable environment for all students to aspire succeed and achieve.

MR LEE CAVE

Teacher

Lee has been teaching for over 15 years and has taught at all levels. Lee is also our schools special educational needs co-ordinator and brings a wealth of experience which enables him to best assist all learners despite their individual challenges.

MR RORY HART

Teacher

Rory has 6 years of teaching experience. He spent the first 4 years of his teaching career in China and speak Chinese to a very good level. Rory is highly skilled at delivering differentiated Early English learning to students of all levels and ages in both small groups and private sessions.

MR EUGENE SIMPSON

Teacher

Eugene has over 35 years of English experience in Portugal, the UK, Thailand, and Malaysia. His experience as a teacher, senior teacher, and assistant director of studies has been with the British Council and Harrow School - London for over 20 years. He has taught all levels and age groups, ESP (English for Specific Purposes) and all mainstream Cambridge examination and IELTS preparation.

MR SCOTT WORSWICK

Teacher

Scott has been teaching in South-East Asia for 10 years. Scott's expertise is in the field of teaching English and he has been an IELTS specialist for the past 3 years. Scott has a proven record of delivering tailored learning in both private and small group classes to ensure accelerated progress.

MR KEVIN BERGEN

Teacher

Kevin has more than 25 years of teaching experience and spent more than 12 years as a school principal in Canada. He is experienced at teaching early reading and phonics and strives to instil a love of English in all of his students. Kevin can also teach maths to primary-aged students from Early Years to Year 6 as well as science to IGCSE level. He is committed to ensuring that all of his learners make excellent progress.

MR REECE FAURE

Teacher

Reece has 8 years private tutoring experience behind him from his time in South Africa and has joined the British Learning Centre as an English and maths specialist teacher. Mr Reece has extensive experience of delivering English as an Additional Language and prides himself of planning engaging and interactive lessons that promote outstanding teaching and learning opportunities.

MS ALICIA GALLOWAY

Teacher

Drawing from three years of teaching in South Africa, Alicia embodies a seasoned educator with a deep understanding of pedagogy. Her tenure has honed her ability to employ assessment for learning techniques, enabling her to discern and address students' challenges effectively. Alicia's commitment extends beyond academics; she places great emphasis on cultivating strong teacher-student relationships, recognising their pivotal role in nurturing a supportive and engaging learning atmosphere.

"Students come first."

Overall Structure

The National Curriculum of Britain has a clearly defined series of academic and other objectives at every level. Progress is examined via individual teacher assessment against the National Curriculum Attainment Targets for all subjects.

Learning For Tomorrow

We are all aware that we live in a rapidly changing world and that we are preparing our students for life in a society where they may be working in jobs that do not currently exist, employing technologies that have not yet been invented. Through the British curriculum at the British Learning Centre we place significant emphasis on the development of personal learning and thinking skills that will result in young people who are flexible and able to adapt to changing circumstances without fear of inhibition, enabling and empowering them to meet the demands of 21st century life.

Personal Development

We understand that students of tomorrow are going to need very different personal qualities and skills than their former generation. For this reason, children at the British Learning Centre learn in such a way that they develop the personal qualities of respect, striving for excellence, accepting accountability, facing challenges and ensuring we maintain a happy environment.

WHY CHOOSE US?

At the British Learning Centre, we aim to provide an outstanding teaching and learning experience in the time we have with your child.

Your child will:

- receive the highest standards of teaching and learning from an experienced and qualified teacher
- be in an outstanding learning environment with excellent teacher and student ratios
- receive personalised feedback on their learning after every lesson
- be challenged to perform outside of their regular comfort zone
- discover new skills to help them become more successful and independent learners
- have the confidence to be curious and question learning further
- be self-motivated to achieve more
- have a teacher who is dedicated to building a strong and positive relationship with them.

As a parent you will:

- have the confidence of knowing that your child is learning from a British qualified teacher who is an expert on delivering outstanding teaching and learning
- have the opportunity to be in regular contact with your child's teacher and receive formal and informal reports on their progress
- see the impact that our British tuition programme is having on your child
- know that your child is learning from a team who are dedicated to being there alongside your child at every moment of their academic journey.

WHO ARE WE HERE FOR?

- Is your child having some difficulties in some areas of their learning?
- Do you want to give your child **additional challenge** outside of their normal classroom?
- Would you like your child to experience a **British classroom environment**?

The British Learning Centre is for **all children** so join today.

BRITISH NATIONAL CURRICULUM MATHS TUITION

PERSONALISED GUIDANCE EVERY STEP OF THE WAY

The British Learning Centre supplements your child's existing mathematical learning with a high-quality mathematics education for understanding the world, the ability to reason mathematically, an appreciation of the beauty and power of mathematics, and a sense of enjoyment and curiosity about the subject.

At the British Learning Centre we aim to ensure that all students:

1. Become fluent in the fundamentals of mathematics, through varied and frequent practice with increasingly complex problems over time, so that pupils develop conceptual understanding and the ability to recall and apply knowledge rapidly and accurately
2. Reason mathematically by following a line of enquiry, conjecturing relationships and generalisations, and developing an argument, justification or proof using mathematical language
3. Can solve problems by applying their mathematics to a variety of routine and non-routine problems with increasing sophistication, accuracy and make connections between measure and number
4. By age 9, have memorised their multiplication tables up to and including the 12 multiplication table and show precision and fluency in their work
5. Can read and spell mathematical vocabulary correctly and confidently, using their growing word reading knowledge and their knowledge of spelling

BRITISH NATIONAL CURRICULUM ENGLISH TUITION

PERSONALISED GUIDANCE EVERY STEP OF THE WAY

English has a pre-eminent place in education and in society. A high-quality education in English will teach pupils to speak and write fluently so that they can communicate their ideas and emotions to others and through their reading and listening, others can communicate with them. Through reading in particular, pupils have a chance to develop culturally, emotionally, intellectually, socially and spiritually. At British Learning Centre we aim to promote high standards of language and literacy by equipping students with a strong command of the spoken and written word, and to develop their love of literature by promoting widespread reading for enjoyment.

At British Learning Centre we aim to ensure all students:

1. Read easily, fluently and with good understanding
2. Develop the habit of reading widely and often, for both pleasure and information
3. Acquire a wide vocabulary, an understanding of grammar and knowledge of linguistic conventions for reading, writing and spoken language
4. Appreciate the rich and varied literary heritage of Great Britain
5. Write clearly, accurately and coherently, adapting their language and style in and for a range of contexts, purposes and audience
6. Use discussion in order to learn; they should be able to elaborate and explain clearly their understanding and ideas
7. Are competent in the arts of speaking and listening, making formal presentations, demonstrating to others and participating in debate

Tuition Fees

Timetable

Free Hours at Our School

Referrals

Refer other families to the British Learning Centre and receive free hours of learning for your child at school.
